In case two or more candidates have equal marks i.e. Tie in the Entrance Test, the ranking of such candidates shall be determined on the basis of the following **criteria for resolving the tie**:

i) **Length of relevant experience:**

Experience will be counted from the date of registration as RNRM till the last date of receipt of application form by the University i.e. **3rd January 2024**. However, if RM certificate is obtained after RN certificate, experience will be counted from the date of registration as RM.

ii) **Overall percentage of marks secured in GNM examination:**

If the tie does not get resolved with application of length of experience, aggregate of GNM marks in all the three years will be considered for deciding merit.

iii) **Date of Birth:**

If the tie still does not get resolved, Date of Birth will be considered (Candidates born earlier will have higher rank than those born later).

iv) **Draw of Lot:**

If there is a tie after applying all the above criteria, rank will be decided through a draw of lot.
