Criteria for resolving Tie Cases

In case two or more candidates have equal marks i.e. Tie in the Entrance Test, the ranking of such candidates shall be determined on the basis of the following **criteria for resolving the tie**:

i) **Length of relevant experience:**

Experience will be counted from the date of registration as RNRM till the last date of receipt of application form by the University i.e. **28th February 2025**. However, if RM certificate is obtained after RN certificate, experience will be counted from the date of registration as RM.

ii) **Overall percentage of marks secured in GNM examination:**

If the tie does not get resolved with application of length of experience, aggregate of GNM marks in all the three years will be considered for deciding merit.

iii) **Date of Birth:**

If the tie still does not get resolved, Date of Birth will be considered (Candidates born earlier will have higher rank than those born later).

iv) **Draw of Lot:**

If there is a tie after applying all the above criteria, rank will be decided through a draw of lot.
